WHO DOES THIS PROGRAM SERVE?

The National Family Caregiver Support Program (NFCSP) offers support to the family members and friends that are caring for their loved ones.

CAREGIVERS ARE...

Adult family members or other informal caregivers age 18 and older

- ♦ providing care to individuals 60 years of age and older;
- ♦ providing care to individuals of any age with Alzheimer’s disease and related disorders;

Grandparents and other relatives (not parents) 55 years of age and older

- ♦ providing care to children under the age of 18; and
- ♦ providing care to adults age 18-59 with disabilities.

Please contact your local Area Agency on Aging for specific details about the financial and functional priorities for this program.

WHO PAYS FOR THE CAREGIVER SUPPORT PROGRAM?

The NFCSP is funded by Title III-E funds of the Federal Older Americans Act. It is operated in partnership with the CT State Department on Aging and the five Area Agencies on Aging.

A cost sharing fee is requested for Respite and Supplemental Services. The contribution is based on the cost of services and the care recipient’s monthly income. Please consider providing a contribution so that we can serve more caregivers.

Connecticut’s Area Agencies on Aging are private nonprofit organizations which serve the needs of older persons as a resource for information, program development and advocacy.

This program values the caregiver and is designed to offer assistance so that - you - family and friend caregivers can continue to care for **your loved one.**
