

COMMUNITY SUPPORTS HOME DELIVERED MEALS

The Title III home delivered meal program is one that provides so much more than just a meal. While participants who are homebound receive a well-balanced nutritious meal, they are greeted by drivers who provide a wellness check with each visit. For many clients the delivery person may be their only daily contact ensuring their safety at home. Nutrition education and counseling which promote the role of nutrition in preventative health is also available.

Meals for those with dietary restrictions are available. To ensure the proper temperature and food safety meals may not be left in a cooler or with a neighbor. The Title III home delivered meal program is supported by federal and state funds that provide services for participants aged 60 and over. Anonymous donations are suggested but not required.

TO MAKE A REFERRAL

To make a referral for Title III home delivered meals please call the regional Elderly Nutrition Provider below. Eligibility must be verified.
